The county fair in Santa Barbara is on, with fairs.

LUCKY BALDWIN's horses have been winning in the Covington races.

JOHN G. CARLISI has been renominated for Congress in his Kentucky district.

YOUNG BRADLEY, of Carolina, thought it was a deer, and fired. His brother Elias is dead now.

In the Nutmeg State, the Republicans have been casting their estimable enemies to fall down.

The town of San Buenaventura has granted the right of way to the Southern Pacific branch railway.

A YACHTING race from San Francisco to Honolulu is on tap. The King of all the Sandwich Islands is inviting the sport.

MISOURI—or that portion of it that is embraced within the boundaries of Steevels—has been indulging in a nest and expeditions job of lynching.

"No hope for Jachne!" is the word from Albany. Jasche is the ex-almond convicted of bribery in New York city. He was a "smart politician" and a thief.

A good showing of business-increased earnings and reduced expenses—is made by the Atchison, Topeka and Santa Fe Railroad for the month of August.

SACRAMENTO has gone safe some more on the subject of the alleged "circuit belt." The Board of Trade of the capital has resolved that the circuit belt is there or thereabouts, and there it is—of course. It is merely a question of "resolving."

CALEDONIAN CLUB.

Letter on John Knox, the Great Scot.

Rev. Mr. Herry lectured last night under the auspices of the Caledonian Club, J. O. MacLean in the chair, to a large audience, at the First Presbyterian Church, "John Knox, the Great Scotchman."

The lecture was given with a graphic account of the social, political and religious condition of Scotland at the time that Knox appeared on the scene—especially during the period of the Reformation—one with affiliations in England, another in France, and a third rooted in Scotland's own soil and for independence; and religious struggle which was to so change the religious life of Scotland, and in which the great reformer took such important a part.

After much reading, study and travel he changed his religious opinions and joined the party of the Reformation, and became a champion. He risked his life and liberty and served in the galleries as the price of his religious liberty, contention between the religious factions was most bitter, and the Queen was most cruel in her treatment of the Catholics, but Knox never flinched in his fidelity to the cause of the Reformation, and boldly arraigned her as an infidel before the throne of God, which he was tried before the Lords of Scotland and acquitted.

This is but a meager and imperfect sketch of very scholarly, able and earnest lecture.

BOARD OF EDUCATION.

Regular Monthly Meeting, Last Friday.

The City Board of Education met in regular monthly session in the Council Chamber last night. Present: Earl, Eliot, Kuris, Graham and Wade.

The minutes were reported, 7, 18, 27 and October 1, were adopted.

J. Kubach, contractor, was allowed \$650 to the Amherst school-street house.

D. F. Donagan was allowed \$200 for the new school and street school.

M. Kenyon was allowed \$1628 on account.

Teachers were paid.

After some complimentary remarks by Rev. Mr. Chisholm, and on motion of Robert Hardie, a cordial vote of thanks was passed Mr. Herry for his interesting lecture.

THE CONNECTICUT ELECTOR.

Cattell thanked the convention for the call to the delegates, and the attendance is said to be very limited in consequence of the heat.

VILLAGE OF HENRY AGAIN.

BOSTON, Oct. 5.—The state convention is to meet this evening at the Hotel Metropole, named after the village of Henry, and a new champion. He risked his life and liberty and served in the galleries as the price of his religious liberty, contention between the religious factions was most bitter, and the Queen was most cruel in her treatment of the Catholics, but Knox never flinched in his fidelity to the cause of the Reformation, and boldly arraigned her as an infidel before the throne of God, which he was tried before the Lords of Scotland and acquitted.

WOODLAND, Cal., Oct. 5.—At 10 a. m. yesterday the Grand Lodge of the Independent Order of Good Templars convened at Prior's West End Theatre.

G. T. O. Wheeler called the lodge to order. The officers present were G. W. Lawrence, twenty-six; A. M. Lawrence, twenty-eight; Senatorial District, J. E. Spangler.

MANTERIE, Oct. 5.—The Democratic County Convention nominated for the Assembly, John G. Carlisle.

NEIGHBORHOOD NEWS.

PASADENA.

THE CRAFTSMEN AND THE MINE-HOUSE RULERS
—A BANQUET TO THE MESSRS. RAYMOND.

Correspondence of the Times. —
PASADENA, Oct. 1.—The journeyman carpenters here, John Raymond, last evening, had a nine-hour rally to a great extent; although a number of them have quit work upon being refused ten hours pay for nine hours' work. All laborers, excepting the carpenters, are general or of the men have returned. The firm will not employ any union men on the building.

The little property, lately sold to E. C. Webster for \$10,000, still remains undisposed of by the railroad company, and it is expected that the negotiations in regard to it will be settled. The library trustees have bought a lot on the south side of Main street, a short distance from the old Oak, and will move their building upon it for the present. Mr. Legge has offered them an eligible lot for a new building, and they will soon have a new library and some structures. The A. O. U. W. and the I. O. O. F. societies retain the exclusive right to the second-story of the new building.

Mrs. Clarence Martin, R. Williams and John Bell have invested \$9000 in the building of a new property.

W. G. Govie has taken a contract to run several water tunnels for the Pacific north of Garvanza.

One thousand lumber yards sold over \$20,000 worth of lumber in September—the biggest month's business ever done by the firm. Comment is unnecessary.

A meeting of the prominent citizens was held at the State oilers, the members to take up a fund to help the Bayardina a sum, some time prior to the opening of the Bayardina. Doubtless cannot be given in this letter but from the general interest shown in the cause, we predict that the testimonial will be offered, as it is desired by the people of Pasadena, to show their appreciation of the services rendered.

One of the rooms over the First National Bank has sold to C. W. Bell his tract of 15 acres, at the foot of La Brea, for \$7000.

Estimates are being made of the cost of adding a wing to the rear of the First National Bank block, and it is not improbable that such will be desired.

Montgomery C. Ehrenfeld and J. J. Bonnefeld have formed a partnership as architects, and will have their office over the First National.

All but two of the rooms over the First National Bank have been leased. Messrs. Gandy and Winslow will have offices there, and others will be taken by Mr. Bidwell, architect, and Mrs. Dryden merchant.

Messrs. Crumlin & Co. have their formal opening on Thursday, and will be able to show their friends as hand-some dry-goods store as can be found in the county.

RIVERSIDE.

Ms. Prosperity from S. W. G. T. U.

standpost.

Mrs. V. Davis, writing of the late W. C. T. U. Convention in Riverside, says:

In conclusion, the principles of temperance, the prevention of vice, appear to have been well understood.

Three large meetings were held,

and the speakers were all in agreement.

All but two of the rooms over the First National Bank have been leased.

Messrs. Gandy and Winslow will have offices there, and others will be taken by Mr. Bidwell, architect, and Mrs. Dryden merchant.

Messrs. Crumlin & Co. have their formal opening on Thursday, and will be able to show their friends as hand-

Women's Club.

At the annual meeting of the Woman's Club, Saturday, the following officers were elected, to serve during the ensuing year:

President, Mrs. C. M. Seversen; Vice-President, Mrs. W. H. Weller; Mrs. Enderlein; Mrs. Newton; Honorary Vice-Presidents, Mrs. Hubbard; Mrs. Graham of Pasadena; Mrs. Hart; Mrs. Ladd; Mrs. Treasuer; Mrs. Flit; Corresponding Secretary, Miss Freeman, of Sierra Madre.

Committee on Work: Mrs. Geo. Fish; Mrs. Ruth Hagan, Miss McGraw, Mrs. McDonald.

Committee on Art: Mrs. Willa Wiles; Mrs. Gandy; Mrs. C. C. Moore; Mrs. Gandy; Committee on Education: Mrs. Averill, Mrs. Fairchild, Mrs. Enderlein; Mrs. E. F. Henderson.

Committee on Literature: Miss Hause, of Pasadena; Mrs. Hooker; Mrs. Newton; Miss Wimer, Dr. Lummi.

Historical Society.

The Historical Society met at the City Hall Monday night, the attendance rather small. President Kinley occupied the chair.

D. N. Wilson presented the society with two numbers of a magazine called Indian Forestry (published in the East Indies), which looks very interesting.

For the first time in many years, a long annual trip to the mountains between the Big and Little Tejunga, he had discovered a location for his opinion, is an ancient and exalted volume.

H. D. Barrows stated that in the Santiago mountains, east of Anaheim, he had found a number of specimens of the appearance of an extinct volcano.

Adjourned until the first Monday in November.

Pensioning Out.

The immediate delivery system, which has from the start, about a year ago, shown that it will not be successful, is now, however, in full operation to cover all post offices in the United States, and all classes of mail upon which postage may be charged.

The immediate delivery system is evidently a last resort to popularize the falling scheme. It does not seem to me to be a wise plan to offer a discount of 10 per cent to those who pay cash.

It is evident that the immediate delivery system began here with about 900 letters a month, and has been gradually growing out, and now amounts to about 150 pieces a month.

Not a cent.

Referring to an item which appeared in the Times some days ago, wherein it was stated that John Jones, a Texas cowboy, attempted to assassinate Hector McLean (colored), a well-known hotel-keep, and the punishment of "cowboy," Jones, he was placed in the Asylum, and his parole was granted.

For the first time, the young man's name has been appeared in the criminal records. The case is undergoing judicial investigation.

Electric-Magnetics, the New Men of Care.

Dr. E. Robbins' Electric-Magnetic Institute, corner First and Spring streets, entrance on First street, has just opened up as a center for the electrical world. It is necessary to carry electric and so-called incurable diseases, by the finest electrical appliances in the world. Turkish and Russian baths, also electric, sulphur and encaustic baths. Dr. Robbins has had a complete course of the American colonies, San Francisco, Salt Lake City, Denver, and four years in Los Angeles, and hundreds of leading citizens can testify to the wonderful effects of electrical treatment.

Since the time when all die had failed, and therefore all persons suffering should try this new remedy before abandoning all hope. After every medical treatment the patients are sent over to the Magnetic treatment.

For the first time in the history of medicine, without extraction from the patient, free of charge. His office hours are 9 A.M. to 12 and 7 to 9.

Nurses Price have come to stay at Mrs. Smith's Hotel, 211 N. Main St.

The enormous profile one realized by the drug trade are a thing of the past. We sell surgicals at genuine Eastern prices. For example, we sell a regular size of soap for 25c, regular price 60c; Mrs. Hoy's German Cologne, 15c, regular price 25c; Warner's Kidney and Liver Cure, \$1 per bottle, regular price 61c.
